# OUR BEER

Great beer is at the heart of everything we do. This means we create exceptional beer recipes using the highest quality, globally-sourced ingredients. The Cowbell team brews in our custom-designed, state-of-the-art brewhouse to create truly remarkable craft beer, just for you.

Absent Landlord is our expression of a Kölsch -style beer, brewed with a perfect combination of old world and new world ingredients, fermented warm, and left honest. It's unfiltered and unpasteurized to let its elegant and delicious flavours stand proud.

West Coast American Pale Ales and IPAs have inspired Doc Perdue's Bobcat. Hops are loaded from top to bottom in this ruby red beer showing off aromatic pine, zest, fresh citrus and tropical fruit. The body is smooth and gently bitter, while the hop aromas are bright and vibrant.

This New World Hefeweizen combines the best of German wheat beer heritage with brewing innovation. Kelly's Contraption shows all the elegance and subtlety of a classic Hefeweizen with nuances of new world German hops for added aroma and flavour, without bitterness.
